## Work Experience

COALESCE MDC

Miami, FL

Math-Art Challenge

September 2023 – April 2024

- Developed 5 mock-up iterations via 3D printing, Blender, and Adobe Photoshop.
- Collected in-depth research on budgets, structural engineering, and materials to aid in comprehension of project feasibility.
- Partnered with a team of four students to ideate and design a project pitch for parabolic sculpture that integrated mathematical concepts and artistic expression.

Global Students SDG Challenge

Miami, FL

SDG Challenge

September 2023 – November 2023

- Collaborated within a team of four with representatives from Impact Hub, to alleviate the company's core SDG problems within a proposed South Florida expansion.
- Designed a mockup spacing using Revit software which featured:
  - Integrated bike rack room to promote clean transportation
  - Waste management system for eco-friendly operations
  - Living green wall to enhance air quality and aesthetics
  - Resolutions for SDG 13 and SDG 17
- Showcased strong presentation, pitch delivery, and solution quality, in contrast to remaining teams.

## Projects

[Ladder Legends](#)

September 2023

- Developed 3D models of trophies, medals, and podiums to increase site usability and aesthetics.
- Wrote comprehensive README.md to outline the purpose of the web application and future goals.
- Languages: Python, React.JS, Adobe RiotGames API, MongoDB

[CreAltion](#)

September 2023

- Created wireframe for a site to pose discussions around biology, technology, and AI between students, researchers, and professors.

## Volunteer & Extracurriculars

United Planet Youth2Youth Impact Investing

Virtual

Member

June 2024 – Present

- Conducted research on impact investment in Iraq, Syria, and the US; reviewed investment and impact cases.
- Designed pitch deck and proposed business model to a board of industry mentors.

AnitaB.org Advancing Inclusion Scholar

Virtual

Member

May 2024 – Present

INIT Wolfson

Miami, FL

Vice President

September 2023 – Present

- Aided in assembling a founding chapter at Miami Dade College Wolfson as Director of Membership.
- Developed professional toolkits to empower computer science students.
- Leveraged Luma for event promotion, and utilized Notion to construct a centralized club hub. Grew a strong community of 64 members (as of April 2024).

Harvard WECODE

Boston, MA

Distinguished Tech Fellow Award

November 2023 – February 2024

- Recognized among the top 25% in a highly selective program (acceptance rate below 20%) for contribution to excellence and innovation for women in tech. Increased conference attendance by 33%.
- Publicized the world's largest student-run conference for women in tech.

## Interests & Hobbies

Writer / Enjoys poetry, self-help, and fiction / Sustainability and climate justice / Winner of Gilman scholarship
